

EXPERIENCED FIRE & SECURITY ENGINEER (3 Year Plus)

SALARY: Negotiable - Dependent on Experience

Hades Fire Protection is a small but dynamic fire alarm and security BAFE and NSI accredited company based in Faversham, Kent. We are looking to employ a competent Fire and Security Engineer with a proven track record installing and commissioning Fire Alarm systems, CCTV, Access Control and Intruder Alarms in both commercial and domestic properties.

Ideally we are looking for a multi-skilled engineer who has at least 3 years' experience in both fire and security but would consider candidates strong in one area who are willing to expand their existing knowledge and would provide training as part of employment.

Role:

- Installation, testing and some commissioning of conventional and addressable Fire Detection Systems, CCTV, Access Control and Intruder Alarms following a specification
- Programming Fire Alarm and Security Systems
- Fault diagnosis and repair
- Scheduled Maintenance of systems, including participating in company's on call rota.
- Follow company policies, procedures and RAMS
- Able to problem solve and work as an individual or part of a team
- Complete Job Sheets, work checklists and logbooks

Benefits:

- Excellent training & career progression scheme
- Travel included with Company Van & Fuel Card
- Overtime available & project related bonuses
- Company Phone & Laptop
- Branded clothing
- Company Pension
- 28 days holiday inclusive of Bank Holidays

Working Hours & Location

The vast majority of our sites are located in Kent with a handful in London. This is a full-time role of 40 hours / week and may involve some nights, weekends and early starts due to the nature of the work.

We aim to be an equal opportunities employer and welcome applications from all sections of the community.

The successful candidate will be subject to full BS7858 security screening and DBS checks including Barring due to our work in schools.
